In October of 2009, the Malaysian Communications and Multimedia Commission ("MCMC") published a Standard Radio System Plan (SRSP) titled ‘Requirements For Wireless Closed Circuit Television (CCTV) Systems Operating In The Frequency Band 5650 MHz to 5725 MHz’ (later to be referred to as “SRSP-546 CCTV”) which provides information on the minimum requirements in the use of the frequency band. An electronic copy of SRSP is available from http://skmm.gov.my/what_we_do/spectrum/srsp.asp.

Pursuant to section 6.8 of SRSP-546 CCTV, MCMC would like to invite eligible persons to apply for apparatus assignments in frequency bands of 5650 MHz to 5725 MHz.

REQUIREMENTS AND CONDITIONS

1. Eligible persons who may apply for assignments are:
   1.1 the applicant that at the date of closing of the invitation be in possession of a valid Network Facilities Provider Individual (NFP(I)), who provides radio communication transmitters and links; or
   1.2 the private network facility that provide the service for its private use only.

2. The application must comply with the requirements set in the Communication and Multimedia Act 1998, Communication and Multimedia Act (Spectrum) Regulation 2000 and SRSP-546 CCTV.

3. The applicant is required to submit:
   3.1. **One (1) year rollout plan** showing the sites, locations and detail implementation timelines for each site or location in the proposed service area;
   3.2. Topographical maps clearly showing the location of the wireless CCTV cameras and the distribution hub stations.
   3.3. Apparatus assignment application form together with the application fee (RM 60 per-application) for each distribution hub station that is planned to be installed within the one year rollout plan;
   3.4. The proposed spectrum sub-block (the spectrum sub-block arrangements can be found in SRSP-546 CCTV) and the technology to be used;
   3.5. The proposed wireless CCTV network topology and its design together with the capacity planning and requirements for the system in the required spectrum block. Justification with supporting technical analysis is to be provided to support the bandwidth needs; and
3.6. Supporting letter from respective Local Authorities (*Pihak Berkuasa Tempatan*) for the Application Service Provider to provide wireless CCTV. This letter will be used as a proof that the applicant will be awarded the project to implement wireless CCTV by the respective Local Authorities in that proposed service area.

4. If selected, the successful applicant(s) shall pay for the full apparatus assignment fee and to deploy its wireless CCTV network based on the submitted rollout plan within 12 months from the date of assignment. In the event where the successful applicant(s) fail to utilise and deploy its wireless CCTV network within 12 months from date of assignment, the apparatus assignment will be cancelled and assigned to other qualified applicant who are in the queue.

5. Successful applicant(s) shall submit the commissioning report for every site that has been put “on air” which will serve as a proof of the apparatus assignment being utilised.

6. Successful applicant(s) are encouraged to replace its wireless CCTV systems to a wired solution within first 5 years of the CCTV systems deployment so as to release the spectrum to facilitate further deployment.

7. The applicant may indicate their preference for a particular arrangement of blocks/sub-blocks for each of the proposed service area applied for. MCMC, however, reserves the right to decide on the final arrangement of the spectrum blocks/sub-blocks.

**SUBMISSION OF THE APPLICATION**

8. The application shall be submitted to MCMC, in hard and soft copy, in the following manner:

   8.1. Application shall be provided in sealed envelopes in two (2) sets hard copy, including one original. The original shall be marked “Original” and another copy shall be marked “Copy”. The application shall also be submitted in electronic form (CD-ROM).

   8.2. The complete application shall be submitted to:

   **Senior Director**
   **Malaysian Communications and Multimedia Commission**
   **Off Persiaran Multimedia,**
   **63000 Cyberjaya, Selangor**

**DATE AND TIME OF SUBMISSION**

9. The complete application shall reach MCMC not later than **12 noon on 15 March 2010.**
