SECTION I INTRODUCTION

1. BACKGROUND

- 1.1. The Universal Service Provision (USP) project is an ongoing effort to promote the widespread availability and usage of network services and applications services by encouraging the installation of network facilities and the provision for network services and applications services in underserved areas and/or for underserved groups within the community.
- 1.2. Suruhanjaya Komunikasi dan Multimedia Malaysia (SKMM) had, pursuant to subregulation 4(1) of the Communications and Multimedia (Universal Service Provision) Regulations 2002 [P.U.(A) 419/2002] (as amended by P.U (A) 258/2008) (“the Regulations”), issued and published a notification specifying a list of universal service targets under Notification Ref. No.: NT/USP/1/01, NT/USP/2/02, NT/USP/1/04, NT/USP/08/01 and NT/USP/01/11 (“the Notification”).
- 1.3. This Invitation is made pursuant to subregulation 5(1) and subregulation 3(1)(b)(i) and subregulation 5(2)(ba) of the Regulations (“this Invitation”). Licensees are hereby invited to register their interest to be the universal service provider in the universal service targets specified in **Appendix 1** in accordance with the details set out in this Invitation.
- 1.4. Under this Invitation, the provision of collective access to broadband access services shall take the form of Collective Broadband Access (CBA) network as part of Kampung Tanpa Wayar (KTW) initiative. The provision of the collective network shall serve to enable broadband access for the target communities living in the universal service targets in particular the recipients of netbooks under the Komputer 1Malaysia initiative.
- 1.5. The Komputer 1Malaysia initiative, which was announced by Y.A.B. Prime Minister (“YAB PM”) on 24 March 2010, aimed at providing netbooks to poor students and low income households living in the rural areas in view of boosting up the broadband access service take-up per household in accordance with the National Broadband Plan (NBP). Such initiatives shall complement the collective broadband access project in that the target recipients of the netbooks could enjoy broadband access services eventually contribute towards the take up of broadband services hence boosting the broadband penetration.
- 1.6. The implementation of Kampung Tanpa Wayar initiative are mainly focused at public areas such as the local Rural Library (Perpustakaan Desa), and other suitable locations such as schools and community halls to benefit the students and the surrounding communities. Such initiative primarily serve to boost the take up of broadband access service leading towards increased penetration rate for broadband access service in the universal service targets.
- 1.7. The ultimate goal of this project is to ensure that communities living in underserved areas are connected to mainstream Information and Communications Technology (ICT) development thus enabling and empowering these connected communities and bring about socio-economic development for those communities in the various sectors such as agriculture, education, health, business, amongst others.

1.8. **Goals For Connected Community Project**

- (a) The rural and remote communities living in the underserved areas, in comparison to their urban counterparts, are underprivileged as they lack ICT facilities, services, and applications. The gap that exists between those who “have” in the urban areas and those who “have not” in the rural areas in terms of their access to ICT (telephone, computer and Internet access, etc.) and related services is termed as the digital divide.
- (b) The connected community approach will enable the communities to access new knowledge and information that can be incorporated into their local knowledge and context, such as, provisions of information on employment opportunities, educational resources, government services (for example, providing links to e-Government, e-Learning, e-Commerce, e-Health, e-Agriculture, etc.) and technical information on agriculture for their daily lives, such as information on new varieties, planting techniques, and disease prevention.

SECTION II INVITATION TO REGISTER INTEREST

2. GENERAL EXPLANATION ON THE FACILITIES AND SERVICES TO BE PROVIDED

- 2.1. This Invitation is made with respect to the universal service provision objectives set out in regulation 3 of the Regulations of the provision of collective and individual access to broadband access service.
- 2.2. The collective and individual access to broadband service shall be provided through the setting up of collective broadband access as part of Kampung Tanpa Wayar initiative, in the clusters of universal service targets as listed in **Appendix 1** of this Invitation.
- 2.3. The Kampung Tanpa Wayar initiative shall be implemented to enable the following requirements to be met:
- (a) to enable the target communities living within the clusters of universal service targets (in particular the recipients of netbooks under Komputer 1Malaysia initiative) listed under **Appendix 1** to access to broadband services;
 - (b) the broadband access service of each to be offered in the clusters of universal service targets shall meet the minimum requirements as set out in **Appendix 4**;
 - (c) the quality of service should be consistent with the Commission Determination on Mandatory Standards for Quality of Service (Broadband Access Service), Determination No. 1 of 2007 or such other standards for quality of service as may be required by SKMM;
 - (d) the maintenance and operational support for the collective broadband access for the period of three (3) years as set out in **Appendix 7**; and
 - (e) the activities on awareness, promotion and marketing to encourage the use of broadband access service and to promote broadband service subscription.
- 2.4. Three -Year-Plan for Kampung Tanpa Wayar Rollout

Licensees shall include in the draft universal service plans all appropriate information including Capex and Opex costs relating to the setting-up, operation, maintenance and management of the collective access for broadband service for a maximum period of three (3) years.

In addition to those matters, SKMM will also consider factors including but not limited to the following:
- (a) the Licensee's financial capacity and capability to implement its draft universal service plan; and
 - (b) the Licensee's track record and relevant experience related to broadband projects.

SECTION III
PAYMENT FROM THE USP FUND

8. CLAIM FOR PAYMENT

- 8.1. A universal service provider designated pursuant to this Invitation is entitled to claim its net USP costs pursuant to subregulation 19(2) in the Regulations. Licensees are advised to refer to Part V and Table A of the Schedule in the Regulations in relation to the costing and claim for universal service provision.
- 8.2. It is an obligation on every designated universal service provider to submit, not later than 31 March of the relevant calendar year(s), a written claim to SKMM in accordance with subregulation 20(1) of the Regulations for the cost of universal service provision for the previous calendar year. Licensees are reminded that this obligation is applicable notwithstanding any payments that may be made by SKMM under regulations 12 or 20A.
- 8.3. Any designated universal service provider who fails to comply with subregulation 20(1) commits an offence under the Regulations.
- 8.4. A designated universal service provider should submit the claims using the Claims Template that will be prescribed by SKMM on its website.

9. PAYMENT OF CLAIM

- 9.1. Payment will be made upon a duly verified claim less any payments already made under regulations 12 or 20A not later than thirty days from the date the verification is completed by SKMM.

10. ADVANCE PAYMENT AND QUARTERLY PAYMENT(S)

10.1. Advance Payment

SKMM may, under regulation 12 of the Regulations, consider making an advance payment to a designated universal service provider towards the capital cost of implementation of the universal service plan approved pursuant to this Invitation (“advance payment”). A designated universal service provider may submit its written application for an advance payment to SKMM for its consideration.

10.2. Quarterly Payment(s)

SKMM may under regulation 20A of the Regulations, consider making quarterly payments to a designated universal service provider for the costs of implementing the approved universal service plan (“quarterly payment”). A designated universal service provider may submit its written application for a quarterly payment to SKMM for its consideration.

10.3. Obligation to refund

- (a) In the event that a designated universal service provider receives payment under regulation 12 and/or 20A of the Regulations of a total amount which exceeds the cost incurred for a calendar year that it is entitled to claim pursuant to this Invitation, the designated universal service provider is required under regulation 21A to refund to SKMM the monies paid in excess in accordance with the notice that SKMM may issue.
- (b) A designated universal service provider who fails to comply with the notice issued by SKMM commits an offence under regulation 21A.

SECTION IV GENERAL TERMS & CONDITIONS

11. INTERPRETATION

- 11.1. Any term or word used in this Invitation shall, unless expressly stated or if the context otherwise requires, have the same meaning as in the Communications and Multimedia Act 1998, the Regulations and/or the instrument(s) made under it.
- 11.2. For avoidance of doubt, the word “Licensee” as used in this Invitation shall have the same meaning as in the Communications and Multimedia (Universal Service Provision) Regulations 2002.

15. DESIGN SPECIFICATION & CONFIGURATION

- 15.1. It is anticipated that some matters may have to be clarified following the evaluation of the submission and during the early stages of installation of the facilities and equipments. In this respect, SKMM reserves the right to require written clarifications to be provided by the Licensees.

16. AUTHORITY APPROVAL

- 16.1. The Licensees shall be responsible to obtain the necessary approvals from the relevant authority before commencing the work.
- 16.2. The Licensees shall be solely responsible for any failure to obtain the necessary approvals including any additional costs to comply with the authority's requirements.
- 16.3. The Licensees will be responsible for any additional costs incurred to ensure infrastructure and services continue to be available in the event a change of site location is required as a result of the Licensees' non compliance to the authority's requirements.

17. OPERATION, MAINTENANCE AND SUPPORT

- 17.1. The universal service provider shall be responsible to manage the Kampung Tanpa Wayar. The universal service provider to provide maintenance and operational support to ensure that the Kampung Tanpa Wayar including but not limited to all facilities and services therein, the Internet access service, are continuously available for use. The universal service provider shall adhere to the Standard Operating Policies and Procedures (SOPP) specified in Part II of **Appendix 7**. The Licensees shall include in their draft universal service plans details on the provisioning of the maintenance and supports services including but not limited to the response times, hotline numbers, contact personnel and all other relevant information in the form set out in Part I of **Appendix 7** for SKMM's consideration and approval.

18. QUALITY OF ALL MATERIALS, EQUIPMENT ETC.

- 18.1. The Licensees shall ensure that all items to be used in the provision of universal service in the underserved area shall be good quality, fit for the purpose for which they are intended to be used and be free from defects arising out of faulty design, faulty and inferior material or faulty workmanship.

19. OMISSIONS OR ERRORS

- 19.1. The Licensees are advised to clearly understand the obligations and requirements set up in the Communications and Multimedia (Universal Service Provision) Regulations 2002 [*P.U.(A) 419/2002*] (as amended by *P.U (A) 258/2008*) and the licensees should study all terms, conditions and specifications very carefully and to

make all necessary clarification, etc., before finalizing their draft universal service plan.

- 19.2. The Licensees shall be solely responsible for all such omissions/errors without any additional cost chargeable to SKMM. SKMM reserves the right not to entertain any request for variation of price(s) or submission of additional quotes for items left out in the original plan on the grounds of lack of knowledge, oversight, etc.

20. CONDITION OF EQUIPMENT

- 20.1. All items supplied shall be newly manufactured/factory fresh (i.e. not second hand, reconditioned and/or used items).

22. INSPECTION & AUDIT

- 22.1. SKMM shall have the right to inspect and verify that all obligations of the designated universal service provider are fully complied with. The inspection and verification of the universal services provisioning may include:

(a) Technical Audit

- (i) Conducting a physical verification at the sites that the items and services are delivered according to the quantities, locations, timelines and specifications as contained in the approved universal service plan.

(b) Commercial Audit

- (i) Verifying all relevant supporting documents submitted by the designated universal provider in their claims for net universal service costs.

23. MONITORING & REPORTING REQUIREMENT

- 23.1. The designated universal service provider shall submit to SKMM the first progress report not later than two (2) weeks from the date of the written notification of the approval of the universal service plan(s).

- 23.2. The designated universal service provided shall submit to SKMM the weekly progress report during the implementation stage.

- 23.3. The designated universal service provider shall submit to SKMM a report not later than one (1) month from the date the collective access begins its operation. The subsequent report shall be submitted every six (6) months.
- 23.4. In relation to the reports specified in items 23.2 and 23.3 above, the reports shall contain information on the demand created for individual broadband access service in the universal service target as a result of the implementation of Kampung Tanpa Wayar initiative and such other information as maybe required by SKMM.
- 23.5. Notwithstanding the above, the designated universal service provider shall, upon request made by SKMM, submit progress report at such times as may be determined by SKMM.

24. IMPLEMENTATION TIMELINE

- 24.1. The maximum time frame to complete the implementation of the collective broadband access shall not exceed a total of **28 days** from the date of the written notification of the approval of the universal service plan(s).
- 24.2. Each Licensee shall include a proposed detailed implementation timetable in its draft universal service plan.

25. DELAY IN DELIVERY OF SERVICES

- 25.1 In the event of a delay on the part of the designated universal service provider to complete the services in the stipulated time frame, the designated universal service provider shall pay SKMM liquidated damages at the rate of five percent (5%) per week, for a maximum of two (2) weeks, of the value of the total cost and expenses of the approved universal service plan(s). In this respect, time shall be of the essence.

26. SKMM'S RIGHT TO VARY THE LIST OF THE COVERAGE TARGETS IN THE UNIVERSAL SERVICE TARGETS

- 26.1. SKMM reserves the right to increase or decrease the number of the coverage targets or vary the list of or names of coverage targets in the universal service targets prior to approval of a universal service plan and designation of a universal service provider or during the execution of the approved universal service plan.

27. SKMM'S RIGHT TO ACCEPT ANY DRAFT UNIVERSAL SERVICE PLAN AND TO REJECT ANY OR ALL DRAFT UNIVERSAL SERVICE PLAN(S)

- 27.1. SKMM reserves the right to accept or reject any draft universal service plan and to annul the USP tender process and reject all draft universal service plan(s) at any time prior to the notification of SKMM's decision without thereby incurring any liability to the affected Licensee or Licensees or any obligation to inform the affected Licensee or Licensees of the grounds for SKMM's action.

28. AWARD OF THE APPROVED UNIVERSAL SERVICE PLAN

- 28.1. As a general rule, SKMM may designate a Licensee as a universal service provider that submits draft universal service plan(s) offering the best value for money. The invitation to submit draft of universal service plan shall cover several clusters or coverage targets, SKMM reserves the right to award the approved universal service plan(s) for only some of the successful Licensee or Licensees.

29. DECLARATION

- 29.1. The universal service plan shall be signed by the Chief Executive Officer of the Licensee or by any other person authorized to do so by way of a resolution by its Board of Directors.

30. CLARIFICATIONS & ENQUIRIES

- 30.1. Should there be a need to seek clarification and additional information regarding this Invitation, all inquiries shall be directed to Secretary of the Tender Committee via the following email and contact details:
