

**TENDER FOR THE MIGRATION OF SPECTRUM MANAGEMENT SYSTEM
(SPMS) - TENDER NO: SKMM/LAD/RSAD(1)/TC/04/11(02)**

Clarification on Question posed by Tenderers

Q1. There are various statements for the 'Ability to integrate / interface the fixed service management module...'. What is a 'fixed service management module'? Is this the same as the 'Fixed Services Administrative Module'? (Item 7.4.2)

Referring to Appendix B item C.4.

The statement 'Ability to integrate / interface the fixed service management module...' shall be read as 'Ability to integrate / interface the [Fixed Services Administrative module] ...'

Referring to Appendix B item D.2.

The statement 'Ability to integrate / interface the fixed service management module...' shall be read as 'Ability to integrate / interface the [Mobile Services Administrative module] ...'

Referring to Appendix B item E.2.

The statement 'Ability to integrate / interface the fixed service management module...' shall be read as 'Ability to integrate / interface the [Earth Station Services Administrative module] ...'

Referring to Appendix B item F.2.

The statement 'Ability to integrate / interface the fixed service management module...' shall be read as 'Ability to integrate / interface the [Space Station Services Administrative module] ...'

Referring to Appendix B item G.2.

The statement 'Ability to integrate / interface the fixed service management module...' shall be read as 'Ability to integrate / interface the [Broadcast Station Services Administrative module] ...'

Referring to Appendix B item H.2.

The statement 'Ability to integrate / interface the fixed service management module...' shall be read as 'Ability to integrate / interface the [Amateur Services Administrative module] ...'

Referring to Appendix B item I.2.

The statement 'Ability to integrate / interface the fixed service management module...' shall be read as 'Ability to integrate / interface the [Radio Determination Services Administrative module] ...'

Q2. Tenderer bought the tender document (receipt attached) but now the bid will come directly from Tenderer's principal, as Company XYZ. Is that acceptable?

Yes if they could show on their local partnership evidence.

Q3. Under item 32.1, Company XYZ will be the lead company in this tender exercise, can the tender deposit i.e Bank Draft of RM10,000 be from its Malaysian partner (Tenderer) with a local financial institution?

Yes if they could show on their local partnership evidence.

Q4. The price quoted will be stated in Appendix C correct? However Tenderer also noted that on Page 76, item 24.6 – they are required to have 2 different quotes – one quote with the services of a Malaysian professional and another without. As you would already know, the delivery of the solution to SKMM is a mixture of expertise from Company XYZ and some from the local Malaysian partner, which is the Tenderer as it makes the best economic sense (rather than operating all out of overseas expertise). Based on this, we have the following additional questions makes the best economic sense. Based on this, Tenderer have the following additional questions.

A) What kind of Service do MCMC see in the quote with the Malaysian professional?

Any kind of service that the Malaysia professional provides to the principle.

B) The price mentioned in Appendix C, it should be the price that will include the Services of the Malaysian partner, correct?

There should be 2 quotation using Appendix C format and both need to be initialled.

Under Technical

1. For the Technical Submission, Tenderer would require to submit both Section 2 & Appendix B which looks similar in nature? If we have to also submit Section 2, what is the format Tenderer are supposed to submit. Can we follow the format at Appendix A? For example -

Section 2

Paragraph Number	Complied / Not Complied	Company XYZ Comments
4		
4.1		
4.2		
4.3		
4.3.1		
4.3.2		
etc		
etc		
etc		

Or should we list the different items as following:

4.1 The figure above shows..... SKMM Website,CIMS, NASMOC and eLMS. (summary of the sentence)

Tenderer's principal, Company XYZ response: Compliant

Tenderer's principal, Company XYZ will.....

Else, Tenderer would appreciate if you could please suggest a format for us..

We are leaving the format for Section 2 to the tenderer

It should be clear and presentable; explaining the scope of work that the tenderer will execute comprehensively.

Explanations of the Section 2 will be important in the evaluation process.

- Q5. On Form C (Page 107) Financial Details – Can Tenderer’s principal, Company XYZ fill the columns in Euro as the currency instead of RM? Also for Form CA?

Should be okay.

- Q6. On Form CA – As Tenderer’s principal, Company XYZ is a Public Listed company in overseas, would it be sufficient if Company XYZ submits their latest financial accounts and information / Annual Report as a substitute?

Strictly not allowed. All Tenderers are required to request for their financial status from their bank/ financial institutions.

- Q7. Under Appendix D, item 1.10 and 1.11 – in overseas there is no Form 24 and Form 49, can they provide an equivalent? What is the vital information that you need in these forms? (Address? Passport No? Date of Birth? Etc). If you have a format, could you please send us the format?

May provide the equivalent documents and at the same time shall also provide us with the details as stated in Form 24 and Form 49 (sample of both forms attach for your easy reference).

- Q8. On item 24.3 – The tenderer’s offer price should include all duties and taxes imposed by the Government of Malaysia. Could you please detail

what are the taxes and the amount (%) that is applicable to this paragraph.

As the service provider, tenderer's are the one that familiar with any duties and taxes imposed while doing their business. Therefore, tenderer are required to find out any duties and taxes payable. It may include the withholding tax.
