

## NOTICE

### **STUDY ON RE-PLANNING OF FM RADIO FREQUENCY (87.5 MHz – 108.0 MHz)**

The Malaysian Communications and Multimedia Commission ("MCMC") acknowledges the high interest on the use of 87.5 MHz to 108.0 MHz frequency band for the provision of FM radio broadcasting service.

In consideration of the current use of 87.5 MHz to 108.0 MHz frequency band, MCMC hereby informs that study on re-planning for FM radio frequency in the said frequency band is currently undertaken by MCMC.

As such, new applications for Apparatus Assignment for FM radio frequency in the frequency band of 87.5 MHz to 108.0 MHz will not be considered until the said study by MCMC is completed.

## NOTIS

### **KAJIAN PERANCANGAN SEMULA FREKUENSI RADIO FM (87.5 MHz – 108.0 MHz)**

Suruhanjaya Komunikasi dan Multimedia Malaysia ("MCMC") mengambil maklum terdapat permintaan yang tinggi untuk menggunakan jalur frekuensi 87.5 MHz hingga 108.0 MHz bagi menawarkan perkhidmatan radio FM.

MCMC memaklumkan bahawa kajian perancangan semula jalur frekuensi dari 87.5 MHz hingga 108.0 MHz untuk perkhidmatan radio FM sedang dijalankan.

Oleh itu, permohonan baru bagi penguntukan radas untuk perkhidmatan radio FM di jalur frekuensi 87.5 MHz hingga 108.0 MHz tidak akan dipertimbangkan sehingga kajian perancangan semula di jalur frekuensi tersebut selesai dijalankan.
