*Dear Chairman,*

**PUBLIC INQUIRY ON ALLOCATION OF SPECTRUM BANDS FOR MOBILE BROADBAND SERVICE IN MALAYSIA**

On behalf of Digi Telecommunications Sdn Bhd ("Digi"), I thank MCMC for undertaking this public inquiry (PI) on spectrum allocation. In our view, the Commission's approach clearly focuses on ensuring transparent, structured, and holistic input from all industry parties. In line with MCMC's views, we are supportive that future spectrum allocation and reassignment takes into consideration of the needs to improve quality of service and minimise disruption of services to customers, along with meeting long-term ambitions of the National Fiberisation and Connectivity Plan ("NFCP").

In response to the Commission's inquiry, Digi is pleased to submit (i) Non-Confidential Part, and (ii) Confidential Part, as enclosed. We hope the submission meets the requirements of the inquiry, and can be helpful in determining the future allocation of spectrum for the mobile telecommunications sector in Malaysia. Please contact us for any clarification on the matter.

Thank you.  
Yours sincerely,

**DIGI TELECOMMUNICATIONS SDN BHD**
