GUIDELINES FOR THE CERTIFICATION OF E-COMMERCE ENABLED WEBSITES

COMMENCEMENT
The Income Tax (Deduction for Cost of Developing Website) Rules 2003 (the Rules) are deemed to have effect from the year of assessment 2002.

ELIGIBILITY FOR TAX DEDUCTION
Pursuant to the Rules, for the purpose of ascertaining under the Income Tax Act 1967 the adjusted income from a business resident in Malaysia who has incurred the cost of developing a website which is electronic commerce enabled for the basis period for a year of assessment, there shall be allowed a deduction of an amount equal to one-fifth of that cost for that year of assessment and for each of the four following years of assessment. In these Guidelines “electronic commerce enabled” means a system of processes where transaction involving the transfer of information, products, services or payments can be made through electronic networks for an electronically confirmed consideration as verified by the Suruhanjaya Komunikasi dan Multimedia Malaysia (MCMC).

QUALIFYING CRITERIA
The above tax deduction may be given to an applicant upon fulfilling the following requirements:

1. The applicant must have a website.
2. The website must be hosted on a web server that is located in Malaysia.
3. There must be server software or applications that supply information to the web server on request. There must be:
   a. Shopping cart or any programs that facilitates the collection of information.

   The program is a way to let web shoppers select the products or services they want, preview the sale amounts, and delete items if they change their minds about, enter their payment and shipping information, and then cancel the order completely if they want.
b. Security capabilities that will allow the encryption of data during the transfer of customer information.

4. The collection of payment may be made online or offline. If the collection of payment is carried out online, there must be:

   a. Software to process transactions and send information to all of the involved parties (seller’s bank, customer’s bank, etc.).

   b. Security capabilities that will allow the encryption of data during the transfer of customer information.

**APPLICATION PROCEDURE**

The application procedure is as follows:

1. Application must be made by completing the form entitled “Application Form for Certification of E-Commerce Website” and a processing fee of RM100.00 (Ringgit Malaysia One Hundred) by way of crossed cheque made payable to **Suruhanjaya Komunikasi dan Multimedia Malaysia**.

2. For purposes of this application, MCMC may request for additional information.

3. Once the certification has been obtained, the applicant must attach the certification to the income tax return form for submission to the Inland Revenue Board.

Note: The criteria may change over time depending on advances in technology and other conditions. For queries and information, kindly refer to:
